Makes Real Live Report.

Shows Where County is Deficient in Many Places,

But Praises Good Work of the Official in Their Efforts to Build Up.

Grows Patriotic in Closing Report.

We the Grand Jury of Madison County, at this February term of 1911, after thoroughly investigating the present conditions of the county, from every standpoint within our reach, beg to file the following as our report.

TURNPIKES.

We have investigated at length the conditions of the turnpikes in the county, and find with one or two exceptions they are reported to be in as bad condition as turnpikes could well be, and while we feel that some definite action should be taken against the offending parties, yet with the present business like organizations of our road Commissioner and the excellent work accomplished during the past year, we feel that our county is in better condition than it has been, and that the money that is being expended now for the betterment of our county roads, is reaching the end to be attained in a way to be heartily commended, and we endorse the action of our Road Commissioner, and the Fiscal Court, in the purchase of road machinery that will better equip the county to care independently for its own highways.

We further recommend that the Fiscal Court, of the county acquire by purchase or other available means, such stone quarries as may be needed along each section of the turnpikes for the use of the stone crushers.

It has further come to our notice that on one or two occasions the citizens along the turnpikes have come to the relief of the county officials with generous contribution to assist in reconstruction of the roads, but we feel that the county funds when judiciously and properly distributed are amply adequate to build and maintain our roads, and thus relieve the citizens of this special burden. It might be well however for the citizens

ROYAL Baking Powder Economy

The manufacturers of Royal Baking Powder have always declined to produce a cheap baking powder at the sacrifice of quality.

Royal Baking Powder is made from pure grape cream of tartar, and is the embodiment of all the excellence possible to be attained in the highest class baking powder.

Royal Baking Powder costs only a fair price, and is more economical at its price than any other leavening agent, because of the superlative quality and absolute wholesomeness of the food it makes.

Mixtures made in imitation of baking powders, but containing alum, are frequently distributed from door to door, or given away in grocery stores. Such mixtures are dangerous to use in food. In England, France, Germany and some sections of the United States their sale is prohibited by law. Alum is a dangerous mineral acid, and all physicians condemn baking powders containing it.

The label of alum baking powders must show the ingredients.
READ THE LABEL

to aid the county officials in the acquisition of stone quarries and labor at a reasonable price to construct and maintain our public highways.

IMPROVEMENT WITHOUT SALOONS.

We have at great length tried to exhaust every means available to us to investigate every avenue that leads to the illicit sale of whiskey, and have found its lair in a few cases, and are satisfied that others exist yet. We find that less whiskey is consumed now than at any preceding time in the history of our county, and that we point to the memorable crowd that attended the city of

Richmond on its February Court Day, of 1911, when there was not a single arrest for drunkenness and we believe that, with all that might be said to the contrary, the morals and business of our county is in a better condition, and society is more ably protected, under the no-license system than it was when whiskey was sold in the county.

OFFICERS AND JAIL CONDITIONS.

We further find that our county officials have been diligent in the discharge of their duties and are keeping their respective offices and records in splendid condition; we find however that our county jail is sadly lacking in many points, and we recommend to the proper authorities the following changes: first that the wood floors used as public corridors should for sanitary reasons, be removed, and replaced by concrete or metal floors; second that the painting on the inside of the jail and cells is not of a kind and color that is best suited to the end to be attained, and we recommend that the cell work of the jail be repainted in a color that would at least suggest cheerfulness; third we are fully persuaded that a generous application of soap and water occasionally to the bedding, and prisoners, environment would greatly improve the sanitary conditions and we so recommend.

PATRIOTIC OUTBURST.

To day we are recognized as the greatest nation on earth. Our laws and forms of government far excel those of any other nation of the world. Our government is founded upon justice—the right of every man to participate in public affairs and to worship God according to the dictates of his own conscience. We might, with propriety, say that upon the ruins of a heterogeneous empire we constructed a homogeneous republic, and that its influence has thrilled and cheered millions who were chained and burdened by the monstrous evils of tyranny. Transcendence. Be it resolved, That we the members of this body assembled recognizing this day as the 17th anniversary of the Father of Our Country, who rises to a true heavenly stature when we behold him standing in noble defense of human rights, surrounded by hostility on every side, when in the gloom of winter, his soldiers who were martyrs to the cause of freedom trod the frozen ground of Valley Forge, with bleeding feet, we bow our heads and render thanks to Almighty God for those deeds of valor and glory and the great victory of Yorktown, which gave to the world a new nation and to liberty a new home.

Bar Acts.

A beautiful tribute to the memory of Ann McKee, who was clerk of the Madison County Quarterly Court, was read last week by a special committee appointed from the local bar in a set of resolutions, which attested the high regard the attorneys had for this bright and efficient young woman.

Rebekah's Meet.

Million Rebekah lodge, of this city, had a most enjoyable banquet last Tuesday evening in the Old Bell and Hall, and a large attendance was out to enjoy the event. Several members of the lodge installed their lodge were also present and responded. Richmond has one of the most flourishing Rebekah lodges in the state and is growing rapidly.

Going Some.

The opera house orchestra, under the direction of Mr. Nelson Heffner, is now ready to compete with any its size in the country for honors, and the music of late has been complimented highly by the patrons. Unfortunately two artists as the orchestra will leave shortly, which will cost some little figure. Mr. Cecil Hart, the flute soloist, has secured a position in another state, and Mr. Alex. Bowles, the cornet virtuoso will take his regular spring and summer position with the circus. It is hoped that these places can be filled as soon as possible by the management and thus continue Mr. Heffner's good work.

Real Estate.

All persons desiring either to sell or purchase land or other property or to make rentals of same will find it to their interest to place the same with me as I am a member of the National Co-operative Realty Co. of Washington, with agents throughout the United States, Mexico and Cuba. Meet in Danville.

The annual picnic convention of the Young Men's Christian Association, of Kentucky will meet this year in Danville, beginning next Tuesday, week the 10th and continuing four days. Richmond and Madison county will be represented and the James C. Quarter and Orchestra will take prominent place on the program. The service Quartet is made of four boys who have delighted Richmond audiences on many occasions.

Fine Record.

The State Penitentiary failed to receive a single prisoner from the term of the Madison County Circuit Court, which closed last week. Madison is one of the few counties in the state where no prisoners were sent to the penitentiary during the term.

Pleased.

The "Flower of the Ranch," the brightest musical comedy that the local theatre has looked this season, pleased a good sized audience last Thursday evening. Three or four high class shows have played Richmond this season and good audiences have greeted them.

De Hart Coming.

J. W. DeHart, of Louisville, National Organizer for the Modern Woodmen of America, will arrive in Richmond today on official business. Mr. DeHart is one of the leaders in Modern Woodmen and is a stump speaker of much ability. He is also an enthusiastic Red Man, and will also visit that order while here.

Crusher Started.

Road Commissioner Shearer is busy this week with the new rock crusher recently purchased by the county, having started the new machine at the new quarry on the Taylor's Fork pike. The quality of rock is said to be very fine and if good weather permits much work will be done on this new roadway at once.

Startling the People.

The Kansas City Star, one of the greatest weeklies published in this country has appointed the Climax its special agent in this section, and the wishing man, of Frankfort. It was the consensus of the meeting that the season of 1911 is to be a banner one in baseball. In this section. The members all reported good progress in the signing of players. Mayville has 16 men under contract, all newcomers to the league, with the exception of Chase, and Manager Mackey says they are all six-footers.

Do It Now.

Richmond People Should Not Wait Until It Is Too Late.

The appalling death rate from kidney disease is due in most cases to the fact that the little kidney trouble is usually neglected until they become serious. The slight symptoms give place to chronic disorders and the sufferer goes gradually to grave of diabetes, dropsy, Bright's disease, gravel or some other serious form of kidney complaint.

If you suffer from backache, headache, dizziness, if the kidneys are weak, if you are troubled with uric acid, or if you feel any of the above symptoms, do not delay. Help the kidneys at once.

Do not let a few pills cure you of a chronic disease. They cure where others fail. Over one hundred thousand people have benefited from this. There is one of many names to this remedy.

Dr. J. C. Green, 1015 N. W. St., Richmond, Ky. I have used it since 1905 in cases of kidney trouble. I have cured many cases of kidney trouble. I have cured many cases of kidney trouble. I have cured many cases of kidney trouble.

Fine Sport.

Nimrod report duck shooting fine in the country and several very fine looking specimens have been brought into the local markets. The feeding grounds seem to be in the vicinity of Lake Reba, where the corn fields still afford excellent picking for the keen eyed birds on their northern fly. Duck shooting is not allowed on Lake Reba, and the nearby corn fields have afforded some fine sport of late. Mr. Emmett Miller succeeded in bagging several very fine Mallards and Canvas back the past week.

A four page letter from the "Madison Club" now journeying at Orlando, Fla., has been received by the Climax and from the way they write, there is certainly happy times in this beautiful city of Florida. There is perhaps a dozen Madison county people in that vicinity and they have organized themselves into "The Madison Club". So eagerly do they await the coming of the Climax that it is like a letter from home and makes them mourn all the more for the loss of the party is stopping with the Misses Brown, former Kentuckians, who have a lovely home with all the modern things prepared in good old Kentucky style. The range trees are a feature and the better part of the party is now at the hotel.

Herrington Talks

New President of Ball Club Gives Out Interesting Interview to Climax

President Herrington of the New Ball Club, in conversation with a representative of the Climax, yesterday, gave out the following interview as to the conditions as they exist at present:

"At a recent meeting of the friends of the base ball team, I agreed to act as President of the club (without compensation), provided the organization could finance its debts and furnish me with \$1,000 with which to put a team on the field. Since that meeting \$1,000 has been raised and is now in the hands of the committee. It has developed, however, that the association, or those who can finance its debts, must have \$500.00 rent for the park in advance and \$250.00 first mortgage of five per cent bond on all its property. With the \$700.00 in cash and the ten first mortgage bonds, the club ought to be able to arrange its debts. The real estate is certainly worth \$2,000.00, and the bondholders would be secure, and by dividing the amount into ten parts, no one could lose very much in any event. The ten bonds can be sold with little trouble.

This plan, of course, will require more diligence on the part of the new club in raising money, but if the money is raised there will be something to show for it and the park will be saved for the purpose to which it has been dedicated. The club ought to be able to work out and cash money raised. I cannot accomplish anything and must decline to serve."

Horse Sale.

Robt. Walker, the noted horseman, sold four good business horses Monday to Tennessee and Georgia parties for \$200 to \$285.

Court Day.

Monday was a corker court day in point of attendance, but in a business way it fell a little short. There were plenty of horses and mules on the market but only two buyers from out of town. J. J. Jordan, the well known buyer from Winchester purchased two large mules for \$150 each for city purposes. Several cheaped hands between local buyers at prices ranging from \$150 to \$105. J. E. Johnson, of Berea, sold to W. W. Hales a pair for \$335 and James Kowlet purchased a pair for \$300. At the Madison Stock Yards, there were 2,000 cattle on hand and Manager Embury said it was the best March court day he had ever known and one of the best in the history of the yards. Cattle sold all the way from 4 to 7 cents and but 150 head over. Mr. Embury stated that before was the same quality of cattle purchased so readily at the present ask. Hogs went as high as 7-14 cents with few buyers, everybody here afraid of a later rise in price.

Hurry Up.

Tobacco growers in this county, and those in adjoining counties, still holding their crops back, should hustle them to market as in all probability the sales will close within the next fifteen days, anyway. The Richmond markets have held up stronger than at Lexington, Frankfort or Danville but the price is apt to take a slump.

License.

The following marriage licenses were issued the past week: Louder Hazel wood, of Kingston, and Deloris Barnett, of Rayson Grove; Allie Howard, and Eva Taylor of Valley View; Charles Williams and Tillie Short, of Berea; George C. Perkins, of Baldwin, and Florence Ann Sowers, of Whitlock; Henry Bringham and Allie Fowler, of Berea.

Laundry Sold.

On Monday, J. Hale Dean, Assignee, sold at public outcry the plant of the Richmond Steam Laundry and it was purchased by Charles, Walter and W. T. Thorpe, of Winston, Estill county, at a price of \$170. The owners are sons of Capt. A. J. Thorpe. They will take possession at once and announce to the public that they will begin business on next Tuesday, the 14th.

See the new spring styles in stiff hats. Guyer \$3.00; Stetson's \$4.00. Rice & Arnold's.

Big Haul.

County Attorney Jackson filed thirty warrants with County Judge Shackelford yesterday charging "gambling" against several very prominent citizens of the Silver Creek neighborhood and according to the evidence upon which the warrants were issued these premises to be some sensational disclosures. County Attorney Jackson claims this is the biggest haul for gambling in years in Madison county. The affair has created quite a sensation in court circles and was the subject of much comment this week.

GRIFTON CLOTHES

MOST Clothiers never say a word about the fabrics from which clothes are made, other than "they are all wool." Naturally at any first class shop you expect to obtain "all wool." But, won't it interest you to learn about colors and patterns? The fabrics from which "Grifton Clothes" are made are the smartest of weaves from the best-known mills in the world. In color, they range from plain blacks and blues to the popular browns, pleasing grays and stunning tans. There are small checks, large overblends, herringbone stripes and fancy stripes, very beautiful, but of no decided pattern.

These reinforcing every fabric is the quality, the "mood" part, "Grifton Clothes" will please you, because of their fabric and style. "Grifton Clothes" are all wool.

Do you know that of all the minor ailments colds are by far the most dangerous? It is not the cold itself that you need to fear, but the serious diseases that it often leads to. In Louisville.

On Wednesday, March 29th, there will be a meeting at the Louisville, Ky. prominent educators all over the state, for the purpose of inaugurating a state wide campaign in behalf of securing better educational conditions in the rural schools, especially. Every one interested is urged to be present in addition to the educators.

Believes in It.

That prominent capitalists over the country believe strongly in the good investment offered by the Richmond Electric Company in its recent bond offer, is proven by the action of T. Lindsay Fitch, of Louisville, who purchased a big block of stock last week. Mr. Fitch is connected with Electric Companies of Bowling Green, Frankfort and other places in Kentucky and believes that Richmond is to become within a few years a town of 10,000 or more people.

Free Liver Remedy

It is well to stop a physical ailment at the first signs of its approach, and that is especially true of liver trouble, which can eventually give rise to so many serious complications. Many have liver trouble and imagine it is indigestion, and hence take the wrong remedy.

When the liver does not store up sufficient gastric juices it becomes sluggish, and in this way disturbs the stomach and bowels, with which it is supposed to work in harmony. Then comes the yellow complexion, the phlegmy face, the dull pain in the forehead, the thinning of the hair, etc. A very quiet and sensible cure is by the use of Dr. Caldwell's Liver Remedy, which contains ingredients especially selected to promote the activity of the liver.

Among the many thousands who have written the doctor about the results achieved with his Remedy, and who are glad to mail the facts public so that others can get the benefit, are Mr. J. A. Kennedy, St. Louis, Mo.; Mrs. S. A. Kennedy, St. Louis, Mo.; and many others.

These, like thousands of others, started the use of Dr. Caldwell's Liver Remedy. If you will send your name and address you can also obtain a free trial bottle. It will prove to you that liver trouble is not a fatal disease. Having tried it you will be glad to buy it in the regular way. It is a great relief to the liver and a great help to the whole system.

Watch Repairing

is a specialty to which we give special attention. No matter how much or how little the watch is defective or damaged we take particular pride in doing the work so the timepiece will be as good as or better than it when new. We do jewelry repairing and remodeling in the same way.
